HOMESEEKERS GO TO JACKSON CO.

A special car containing thirty homesekers from Missouri passed through Pensacola yesterday en route to Marianna, where they will join a large colony which recently moved there through arrangements made by G. J. Paul.

The territory where the Missourians are settling is considered ideal, and many others are expected to join them in the near future.

AUTO AND SWITCH ENGINE IN MIX-UP

At 12:20 o'clock yesterday, an automobile driven by J. W. Schaffino, and also occupied by J. W. Barrs, collided with switch engine No. 500, on the spur track on East Chase street, between Tarragona and Alcaniz, the car being badly damaged and each of the occupants suffering slight injuries. From the police investigation, it appears that the chauffeur was at fault, and he was later arrested and charged with violating the street traffic rules.

SHARP TELEGRAM HOLDS OFF STRIKE

Washington, Oct. 17.—Sharp telegrams sent by Fuel Administrator Garfield to miners and operators in the middle western coal fields, reminding them of their pledge not allowing the output of coal to be diminished, declaring any attempt to bring a pressure on him for a revision of the coal prices fixed would result in a postponement of decision on the question. It is feared the strike in Illinois, Pennsylvania, Ohio and Indiana fields, while still local, may spread to other coal regions.

Like a Boy at 50 Bubbling Over With Vitality--Taking Iron Did It

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 100 per cent. in two weeks' time

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact, a young man he really was notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 30 he was in bad health; at 46 he was careworn and nearly all in. Now at 50 after taking Nuxated Iron a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen

dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or inunction of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. It is a simple matter to do you any good, otherwise it would prove worse than useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE: Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach, on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in nuxated iron, that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by the Crysta Pharmacy, D'Alemberte's Pharmacy, Balkcom Drug Co. and all good druggists.—adv.

AMUSEMENTS

Village Gossip Basis of Story.
Edna Goodrich, famed on two continents for her beauty and her ability as an actress, returns to the screen in "Reputation," a five-act drama produced by the Mutual Film Corporation.

"Reputation," which comes to the Isis tomorrow, is from the story by John Clymer, directed by John B. O'Brien, a stage manager of recognized ability.

The story upon which the picture is based centers about a small town affair in which Miss Goodrich, in the role of Constance Bennett, acquires a reputation. She suffers all the indignities which small towns unfailingly inflict upon girls with reputations, but fights her way out.

The picture is a drama in the highest sense yet it affords Miss Goodrich an opportunity to inject into the production those little touches of comedy of which she is a past master. The setting in "Reputation" ranges from typical scenes in a small town to the gayest of the gay New York cabarets from the Sunday morning service in the village church to the naughty Hula dance. Extraordinary photographic results have been secured.

Robert Warwick as Nathan Hale.
Alice bravely hides her own feelings and though worried for the safety of Nathan Hale whom she loves, she urges him not to consider her but to fight for his country.

The story of "The Heart of a Hero," is full of just such acts of self-sacrifice. Robert Warwick makes of Nathan Hale a character you will always remember. His sweetheart, Alice, played by Gail Kane, will have your entire sympathy and admiration or devotion both to him and to his country.

This latest World Picture Brady-Made will be shown at the Isis Theater on Saturday.

Actor Studying Aviation.

Earl Williams, the Greater Vitagraph star, may join the ranks of Uncle Sam's aviators before the war progresses so much farther. In his youth Mr. Williams was a bicycle racer and took part in many races around San Francisco and Oakland his home. He gave up the sport, however, after he had met with an accident in a race which put him in a hospital. He later took automobile diving.

It was a short step from auto diving to aviation and Williams took up the study of aviation. He has been a frequent visitor to the Aviation field at Mineola, L. I., and has a thor-

SHOWING AT THE BONITA TOMORROW.

ough technical knowledge of aeroplane construction, though he has never flown. If he is called to join the aviation reserve corps, he will provide his own battleplane.

Mr. Williams has an opportunity of showing his experience in handling an automobile in "The Stolen Treaty," the Greater Vitagraph Blue Ribbon feature which will be the attraction at the Bonita Theater today.

REPORT CAUSED POLICE TO SCURRY

Early yesterday morning one of the front doors of the Ray Hardware Company, at the corner of Garden and Palafox streets, was found ajar and the police department was immediately informed of the discovery. Lieutenant of Police Tarrants and Patrolman Eilertsen were soon on the scene, and they made a close examination of the interior of the store, but could locate no prowler. A message was then given Frank Humphreys by the police and after an investigation, he reported that nothing was missing.

It is believed that the door was left unlocked by someone leaving late in the evening, believing that it was fastened.

A. D. CARMICHAEL IS APPOINTED JUDGE

Tallahassee, Fla., Oct. 17.—A. D. Carmichael of Chipley was today appointed county judge of Washington county, succeeding Judge Henry Bush, who died last Saturday.

MUCH TUBERCULOSIS PREVALENT IN FRENCH ARMY

Baltimore, Oct. 17.—Doctor Louis Dublin, speaking before the North Atlantic Tuberculosis Conference, said that two per cent of men called before the selective draft boards throughout the country have been found with active tuberculosis cases. He said there are half a million tubercular cases in the French army alone, and believed the disease in Germany has spread alarmingly.

BETTER NEWS FROM THE BOND CAMPAIGN

Washington, Oct. 17.—Better news came from the Liberty Loan campaign. Subscriptions now exceed one billion, two hundred and fifty millions, treasury officials announced. It may be as high as a billion and a half, or half the minimum quota set for the country at the beginning of campaign. The announcement said the sale this week is going much faster than last week.

SOLDIERS BUY BONDS.
Macon, Oct. 17.—Soldiers at Camp Wheeler have subscribed a total of three hundred and thirty-three thousand dollars to the second Liberty Loan, it is announced.

BANKERS URGED BE MORE LIBERAL TO FARMERS

New York, Oct. 17.—Bankers of United States were urged to be liberal in loans to agriculturalists and manufacturers, in an address by George Norris, president of the Federal Farm Loan Board, before the committee on banking and finance of the Southern Commercial Congress.

He said: "This year's production will agriculturally be seventeen billion, so that almost the entire amount

THEY GAVE THIS RUN-DOWN MAN VINOL

AND HE GOT BACK HIS
STRENGTH AND ENERGY.

Sheboygan, Wis.—"I was all 'fagged out,' run down, no appetite, nervous, sleepless nights and drowsy during the day, and was not fit to work. A friend told me to take Vinol. I did so, and can now eat three square meals a day. I sleep well, am alert, active, strong and well and have gained eleven pounds."—A. W. Higby, Sheboygan, Wis.

This is because Vinol contains the elements needed to create a healthy appetite and restore strength. The complete formula is printed on every package. This is your protection.

of the loans asked by the government for prosecution of the war will be met by products of farmer."

S. S. S. GIVES KNOCK-OUT BLOW TO RHEUMATISM

Proves Itself Master of This
Painful Disease.

Halfway treatment of Rheumatism will never rid you of it. Better realize from the outset that when Rheumatism attacks, you have a real battle on your hands, and that it's a man's job to get rid of it.

Temporizing with Rheumatism by the use of liniments, lotions and other external methods of treatment, is like trying to coax an enemy to let up in his attacks, and permit you to conquer him without resistance.

But you soon learn that Rheumatism will not treat you with this consideration. The tiny little germs flock together by the millions and center their attack with undivided force. The effects of the disease are gradual in taking hold on the system. In fact, the pains are only slight at first and do not attract your serious attention, but they gradually increase in severity until your entire system is firmly within the grip of the disease.

It is then that you have a real fight on your hands, for you will find that Rheumatism is a foe that knows just how to cripple you. The pains that were hardly noticeable at first, become your constant companions, and seem to take delight in your suffering.

Of course, if this painful disease was on the surface only, you might reasonably expect to get relief by the use of surface remedies, such as liniments and other local applications. But the source of the disease is your blood, the tiny disease germs find lodgment there and multiply by the

millions and scatter, by means of the blood circulation, throughout your system.

The sensible treatment for this disease, and the only one from which you can expect permanent results, is a treatment that goes down into the blood supply and reaches the source of the disease. S. S. S. is a wonderful blood remedy and is the logical treatment for Rheumatism, because it promptly permeates the entire blood supply and searches out and eliminates the disease germs.

If you are a victim of Rheumatism, you can take S. S. S. with the assurance that you are not experimenting, but using a remedy that has brought relief to thousands who have suffered from this painful disease. This great old remedy has been sold all over the United States for more than fifty years, and has been used with gratifying results. It is a great blessing for a sufferer to become acquainted with the powers of S. S. S., for in this remedy is found the help that can come only from the proper treatment.

Many letters have been written to us by those who have used S. S. S., telling of the good it has done them. Their statements will be helpful to many others who suffer, and we will be glad to send you some of these testimonials, full of this direct evidence of the value of S. S. S.

We maintain a medical department for the benefit of all who are afflicted, and our Chief Medical Adviser, who is familiar with all forms of Rheumatism, will gladly give you advice without charge as to the treatment of your own case.
